

SWAN BAY ENVIRONMENT ASSOCIATION

Pocket Park Planting Project

This winter the Swan Bay Environment Association, in collaboration with the Borough of Queenscliffe, is planting up Jacqueline Court Pocket Park. We plan that the last 2 Pocket Parks in the project will be planted up in 2025.

Indigenous shrubs and trees supplied by the Queenscliffe Indigenous nursery will be planted in order to increase the habitat for a range of wildlife and also create a more enjoyable green space for neighbouring residents.

The project contributes to the Environmental Regeneration Pillar of the Council Climate Emergency Response Plan.

WE WOULD LOVE YOU TO COME ALONG TO HELP US PLANT UP THIS LOVELY LITTLE PARK IN POINT LONSDALE -

JACQUELINE COURT POCKET PARK!
PLANTING DAY SUNDAY 26TH MAY AT 10.30 AM

HOPE TO SEE YOU THERE – Please bring sturdy shoes and your gardening gloves.
